

Daniel Ross Funerals

From September 16th 2021, the CMA (Competition and Markets Authority) has made it compulsory that every Funeral Director in the UK is required to provide bereaved families with a 'Standardised Price List'.

This will enable families to compare prices and make an informed decision on how they wish the funeral arrangements for their loved one to be concluded. It is important to remember that funeral directors provide different levels of care and service therefore whilst costs are very important, recommendations from families previously supported are invaluable.

Please do read our Google reviews, many of which are very recent.

Our 'Standardised Price List' does not include, or have provision to include, some of the more traditional or bespoke services that we can offer. Therefore, please find below our 'Traditional Funeral' option or, should this not meet with your full requirements, please also find below our charges for 'Bespoke Funeral' arrangements and care, as we continue to build on our reputation on excellence and strive to excel our families' expectations.
